EDUCATION

RMK College of Engineering and Technology, Thiruvallur

2023 – 2027

B.E - Computer Science and Engineering - CGPA - 8.47 (Upto 5th Semester)*

Thiruvallur, Tamil Nadu

EXPERIENCE

Java Developer Intern at Cognifyz Technologies | (1 Month)

May 2024 - June 2024

- Developed scalable Java applications solving algorithmic and business problems using core data structures (**Lists, Maps**), **OOP principles** and optimized algorithms, reducing computational complexity by implementing efficient sorting and searching techniques.
- Improved code performance by debugging and refactoring legacy code, achieving measurable improvements such as **25% - 30%** reduction in execution time through optimization and memory management enhancements.
- Participated in **Agile development cycles** with version control via **Git** (branching, merging, pull requests) and conducted peer code reviews to ensure **code quality, maintainability, and adherence to best practices**.

TECHNICAL SKILLS

Languages: C, Java, SQL

Technologies/Frameworks: React, Maven, SpringBoot

Developer Tools: VS Code, IntelliJ IDEA

PROJECTS

CodeSync - Interview Platform

- Engineered a **real-time coding interview platform** with a collaborative **in-browser IDE and problem-solving workspace**, simulating live technical interview environments for remote assessments.
- Implemented **live screen sharing feature** and **session-based rooms** using modern full-stack technologies, enabling multiple users to code and interact seamlessly in realtime.
- Developed full-stack features for **authentication, interview scheduling, and code workspace**, allowing recruiters and candidates to conduct seamless remote interviews, reducing dependency on external tools and improving interview efficiency by **50%**.

Todo Management Backend API

- Developed a Todo management REST API with **CRUD** operations and paginated retrieval to efficiently handle task data at scale.
- Designed and implemented a layered backend architecture with **JPA** for clean separation of concerns and reliable database operations.

COURSEWORK

- | | |
|--------------------------------|--------|
| • Data Structures & Algorithms | • OOPS |
| • Database Management System | • Java |

ACHIEVEMENTS

- * Achieved **99th All India Rank** in Challenge 20 of the **Weekly Coding Challenge** organized by Unstop.
- * Won **1st place** in **Coding Competition** held at **CyberSentinels** International Symposium.
- * Received gift vouchers worth **2000 rupees** from Higginbothams for **academic excellence** (2023 - 2024)
- * Honoured with **ISTE Best Student Award** for the batch (2023 - 2027)

CERTIFICATIONS

- Advance Java Programming
- React Fundamental
- SQL Basics

RESPONSIBILITIES

- **Soft Skills** - Articulate Communication, Leadership, Time Management
- **Languages** - English, Tamil
